First Visits

Please read this document carefully and consider the challenges spending such a long day out of doors will present for your child/ren. We advise that parents take extra care to check the weather forecast and make sure their child is well equipped for the conditions, especially if they are under 8 or they are not used to spending long day out of doors. If in any doubt please do get in touch to discuss things with us. If your child finds new scenarios challenging, as many children do, we recommend you think about supporting their transition by either making an advance visit to see the site and meet staff, accompanying them for the first part of the day or arranging to pick them up early. We recognise that each child is different; many will fit right in straight away whilst others may need a little support to ease the transition. We will support you in whatever way feels right.

The Site

The Wild Sparks woods are tucked away in a corner of Bamff Estate. The site comprises a mixture of coniferous and deciduous trees hosting a variety of habitats to support a diverse array of wildlife. Our base camp area comprises several log circle seating areas, a fire pit, tree house, outdoor cloakroom, tool zone, tree swing and compost loo with hand washing station. **We have no indoor space** and use tarps, rigged up from the trees, to provide some shelter in bad weather. It is thus important that children attend Wild Sparks with appropriate clothing and footwear (see 'what to wear' section below) so they are comfortable and can fully enjoy their experience with us whatever the weather. We encourage parents to visit the site before their child attends, this can be done during one of our sessions or at another time by arrangement. Parents are also very welcome to join

us for the start of their child's first day to get a feel for the space and how things operate at Wild Sparks.

Drop off and pick up times

Activities run from **9am to 4pm**. Please aim to drop off on time and we will bring all children back to the drop-off point for 5pm pick-up. Please let us know in advance if you need to come later or leave earlier.
